

Cluster 8 Returned Home, Cleanup of 85 Homes Completed to Date

The goals of the Los Angeles Regional Water Quality Control Board's (Regional Board) site cleanup program are to protect and restore water resources and establish cleanup goals to protect human health, water quality, and the environment, today and into the future.

To ensure the Carousel Tract cleanup process meets its goals, the Regional Board is overseeing remediation activities and will continue to move forward with the final steps for a comprehensive cleanup.

Here are highlights of the latest progress in the Carousel Tract Cleanup:

- Cleanup of **Cluster 8** properties was completed and residents moved back home the week of September 17, 2018.
- With **Cluster 8** finished, 31% of the cleanup is complete.
- Remedial activities at **Cluster 9** are in progress.
- **Cluster 10** residents moved out the last week of October.

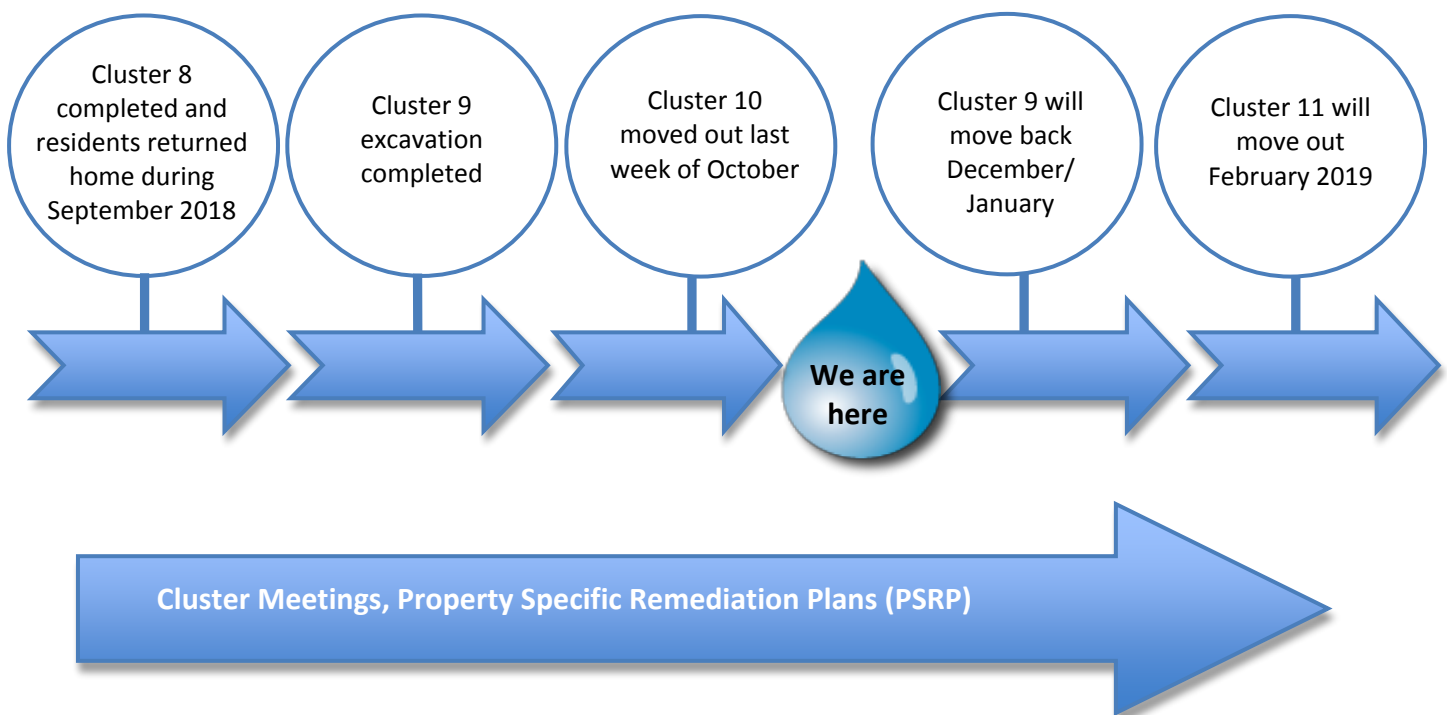

If you have any questions or concerns about the Cleanup, please contact the Regional Board:
Dr. Teklewold Ayalew, Regional Board Project Manager
213-576-6739 • teklewold.ayalew@waterboards.ca.gov

Susana Lagudis, Regional Board Public Participation
213-576-6694 • susana.lagudis@waterboards.ca.gov

If you have any questions or concerns about temporary housing during relocation, landscape and hardscape restoration, or the optional real estate program, please contact the Shell information line: 310-857-2335

Cleanup Activities Sequence

Cleanup activities may be subject to change

Your health and safety are top priorities. Please observe all traffic and “No Parking” signs for your safety and the safety of your neighbors. Thank you for your patience and cooperation.

###

The mission of the California State Water Resources Control Board and the nine Regional Water Quality Control Boards is to preserve, enhance and restore the quality of California’s water resources for the benefit of present and future generations.
